## RHODODENDRONS

**BRYDON'S**

DEAR FELLOW GARDENER:

Because of many requests received, I have combined my catalogue with a booklet which contains complete cultural directions on Rhododendrons. It has 16 large pages, 8 illustrated in color, with descriptions of over 130 varieties. Please enclose 25c in coin for handling and postage. This amount may be deducted from your first order.

Yours very sincerely,

*P. H. Brydon*
